**Children no longer need to bring drinks bottles into school. We now have new water fountains around the building, so children have greater access to water throughout the day.**

The playground is a place where all of our children enjoy their break times, lunch times and PE lessons. Your children will not just stand, walk or run around the playground but will also sit, lie down and roll around. It has been noticed on a couple of occasions, adults spitting in the playground. Spitting is therefore unacceptable - it will not be tolerated. Your continued partnership in maintaining a safe and secure environment for all of our children at New City is greatly valued.
